Course Brochure

ABOUT MNLU MUMBAI

Maharashtra National Law University (MNLU) Mumbai is one of the premier national law schools located in the economic capital of India. It offers graduate, post graduate and research degrees in law and allied disciplines. MNLU Mumbai has set up Centre for Research in IP among ten centres for legal research. MNLU Mumbai has also been awarded DPIIT IPR Chair under the Scheme for Pedagogy and Research in IPRs for Holistic Education and Academia (SPRIHA) of the Government of India.

ABOUT THE COURSE

Intellectual Property Rights viz., patent, design, trademarks, copyright etc. are key components for business success and tool for enhancing the competitiveness of Industries. Intellectual Property Regime in India has been substantially refurbished after joining TRIPS by amending all IP legislations. As India is one of the largest economies in the world and plays a major role in IPR on the global IPR platform, it is necessary to develop efficient IPR regime in the country which will result in building a strong IPR profile for the stakeholders and, in turn, for the country that will strengthen “Make In India” and “Atmanirbhar Bharat” in the long run.

However, at present, there is lack of sufficient understanding and knowledge on IPRs among the people dealing with IPRs at different levels including post-TRIPs developments in IPR and digital reforms that have simplified IPR procedures and made them user-friendly.

In view of this, Maharashtra National Law University (MNLU) Mumbai under the aegis of DPIIT-IPR Chair and Centre for Research in IP (CRIP) MNLU Mumbai is organizing the comprehensive and compact One Week Online Certificate Course in Trademarks, Copyrights and Designs. The present course in Trademarks, Copyrights and Designs is bound to benefit all those engaged in the manufacture, services, business, IP-education and research by enriching their knowledge, skill and expertise and may include legal fraternity, professionals, IP-academicians, industry managers, MSME, Startups, students in IPRs and individuals and enterprises willing to protect their Trademarks, Designs and Copyrights.

The course is meticulously designed to impart detail legal and practical knowledge on all aspects of Trademarks, Copyrights and Designs along with recent technical developments and process re-engineering that have taken place over the years. Faculties for the present course include senior officials of Indian Intellectual Property Office and reputed IPR professionals who are known for their knowledge and expertise.
