Taxation laws by its very nature are ever dynamic and keep changing to evolve and to become best suitable to the Citizens of the Nation. Therefore, practicing in the Taxation laws is a specialized area of practice. After inception of the Goods and Services Tax (GST) across India, the Trade and Industry naturally had to change their modalities of tax administration to suit the changes in indirect taxation.

Further, the practitioners who were practicing in old indirect tax laws such as Central Excise, VAT etc. had to compulsorily study the provisions of GST Law to advise their clients. Since the GST Law is new and evolving day by day with various changes to make it best suitable to the Citizens of the Nation, new amendments are taking place or Notifications / Circulars are being issued to amend and explain the GST Law.

This has created need of experts in the profession who will advise the Trade and Industry to implement the correct GST Law. Also, since the law is new, there are no precedents available to guide the interpretation of various provisions in GST Law. These all aspects have enhanced the scope of career and practice in GST Law either in the form of employment in the Trade and Industry or as an expert in the field of practice of GST to advise Trade and Industry in GST matters and to assist them in compliance and litigations.

Therefore, it's the need of an hour that there should be a specialized course which would train and well equip with the required knowledge to various Professionals, employees of Trade and Industry, Lawyers and Graduates in any stream willing practice GST. The Post Graduate GST Diploma Course (P.G. GSTDC) is designed in such a manner that the person enrolled for the course will be trained from every angle required to become efficient GST Practitioner.

Any Commerce Graduate can start practicing as a GSTP once he obtains a certificate of practice from the concerned Government Authority after complying with certain formalities. We at GSTPAM have several GSTP's who are learned and knowledgeable of their experience of practice in taxation for many numbers of years and they are well known in the fraternity for their knowledge.

Perhaps, there is no specialized course or qualification by way of which a GSTP could say that he possesses a specialized qualification. This diploma course will give recognition to GSTP's by way of recognized postgraduation qualifications. We are grateful to the Hon'ble Vice-Chancellor Prof. Dr. Dilip Ukey of Maharashtra National Law University (MNLU) for giving us a helping hand and an opportunity to formulate such a course in affiliation with MNLU. This course will elevate the class of GST Practitioners from the perspective of knowledge and training to say that they possess specialized qualifications. However, this course is not only useful to GSTP's but also for practicing Advocates, Chartered Accountants, Cost and Management Accountants, and various other Professionals including the tax executives working in the Trade and Industry.

I must recognize the efforts taken by our Co-coordinators CA. Shri. Dilip Phadke and Adv. Shri. Vinod Mhaske have made great efforts to materialize this course. I am also thankful to our Past Presidents Adv. Shri. Sunil Khushalani and Adv. Shri. Dinesh Tambde. I am also thankful to our President Adv. Shri. Pravin Shinde for motivating the whole team and for the successful implementation of this course and to the Joint Convenors Adv. Shri Pravin Jadhav, GSTP Shri. Haresh Chhugani and GSTP Shri. Ashwin Raj Shivnani for their wholehearted cooperation. The whole team of the GSTP Guidance Committee has made a valuable contribution to setting up the required things for this course. Last but not least the successful implementation of this course is not possible without the active involvement and great support of Dr. Pratapsinh Salunke,(I/c) Registrar and Dr. Damodar Hake, Course Director of MNLU MUMBAI. I am thankful to all of them.

I am sure this Post Graduate GST Diploma Course (PG GSTDC) will be of great help to the fraternity and will fetch an overwhelming response.

With warm regards,

Dr. Shashank Dhond

Chairman of GSTP Guidance Committee
