# ABOUT FACULTY DEVELOPMENT PROGRAM

Academic integrity is the foundation of the academic community. Academic Integrity is a commitment to the core values of honesty, trust, fairness, respect, and responsibility and their role in ensuring the health and vigor of the academic and creative community. Academic integrity and IP are the ethical and legal sides of the same coin; they both address how intellectual property can be employed in a research environment.

An important step in cultivating a legal culture in higher education participants is establishing the so-called academic responsibility for academic dishonesty and implementing a mechanism for its enforcement. Considering the immense importance of the knowledge dissemination towards IP and Academic Integrity, DPIIT IPR Chair, MNLU Mumbai, and Centre for Research in IP proposes to hold the third edition of the Faculty Development Program on Intellectual Property Rights and Academic Integrity from 2nd to 7th August 2021.
