About MNLU Mumbai

Maharashtra National Law Mumbai was set up in 2014 by an Act of Maharashtra State Legislature. It is one of India's twenty-three national law schools, hosts multiple centres dedicated to research in law, and offers a range of programmes in graduate, postgraduate and research levels with the five-year integrated BA LLB (Hons) as its flagship programme. As the name suggests, this programme seeks to situate the study and research in law within an interdisciplinary perspective. In particular, it focuses on subjects such as Economics, Literature, Sociology and Political Science to help graduates develop a holistic view of law as a social, political and cultural process.

About Yuvak Biradari

Yuvak Biradari (Bharat) is a national award winning organization working at pan-India level since 1974, cherishing the goals of humanity and nation building. It is a social, educational, cultural and youth movement in India. It has endeavoured to establish and promote Insaani Biradari (Universal Brotherhood). It also aims at strengthening the social fabric of India in order to realize the vision of a vibrant, prosperous, peaceful and enlightened nation.

Biradari draws its philosophical inspiration from the Preamble of the Indian Constitution, and from the thoughts and visions of Mahatma Gandhi and Rabindranath Tagore. One of Biradari's prime concerns has been national integration, whereby the multi-cultural and multi-religious society of India needs to be brought together as One People, One Nation.

Drawing inspiration from the famous "Bharat Chhodo" (Quit India) movement launched by Mahatma Gandhi in 1942 against the colonial rulers, Biradari gave the clarion call of "Bharat Jodo" in 1974 in order to build a strong socio-cultural foundation that could ensue and sustain rigorous development in the coming decades.

About Pro-Bono Club

The Pro Bono Club at Maharashtra National Law University Mumbai is a club run in association with the Nyaya Bandhu (Pro Bono Legal Services) Program of the Department of Justice, Ministry of Law and Justice. The club is a group of students who are aiding in the implementation of laws in society. The club aims to further channel the values of justice, liberty, equality, fraternity, secularism, humanism, etc. as enshrined in the Indian Constitution. The Pro Bono Club operates as a beacon of social responsibility, actively engaging in a range of activities aimed at providing legal assistance, raising awareness about individual rights, and addressing societal issues. Our dedicated members have taken the initiative to conduct workshops, street plays, and village visits, school visits and awareness campaigns demonstrating a commitment to making a positive impact beyond the confines of our university.

About CPHL

Centre for Applied Research in Public Health Law, Rights and Policy was established to promote and advance research, scholarship and spread awareness in the areas of public health policies, public health programs and policy reforms in national and global contexts. It was established on 17th May, 2023.

As an advocate for health legislation reform, healthcare system improvements, and the implementation of health policies, the Centre endeavors to disseminate knowledge about existing policy responses to health challenges and rights concerning health. It also strives to critically analyze health policies to ensure compliance with fundamental rights. The Centre concentrates on a multidisciplinary approach to identifying health law-related challenges and engages in research, debate, and consultation that facilitates effective reforms in the health sector.

About the Competition

The Policy Drafting Competition 2025 aims to provide a platform for students to engage in policy formulation on pressing societal issues. Participants are expected to draft comprehensive policies aligned with the given themes and present them before a distinguished panel of academicians, policymakers, and legal experts.

With themes ranging from sustainable rural development and employment policies to federalism, institutional integrity, and healthcare reform, this initiative encourages participants to engage in critical analysis and propose innovative, impact-driven solutions. By fostering dialogue and research on these crucial issues, the competition aspires to contribute meaningfully to policy discourse and social change.

Themes

1. "Transforming Rural India: Sustainable Development Strategies"
2. "Bridging the Employment Gap: Policy Solutions for Job Creation"
3. "Balancing Power: Rethinking Centre-State Relations"
4. "Reinforcing Institutional Integrity: Appointments & Autonomy of Regulatory Bodies and & Judicial Autonomy"
5. "Strengthening Health Systems: Redesigning Primary Healthcare Delivery in India"
