ABOUT MNLU MUMBAI

MNLU Mumbai is one of the premier National Law universities located in the economic capital of India. It offers graduate, post-graduate, and research degrees in law and allied disciplines. The object of the university is to advance and disseminate learning and knowledge of the law and legal processes and their role in national development, to serve society in the field of law by developing skills in regard to advocacy, legal services, legislation, law reforms, and the like; to organize lectures, seminars, symposia and conferences to promote efficient instruments of social development. MNLU Mumbai has set up a Centre for Research in IP among fifteen centers for legal research. Department for the Promotion of Industry & Internal Trade (DPIIT), Ministry of Commerce and Industry, Govt. of India has also established IPR Chair in the University to advance these objects.

ABOUT THE COURSE

Intellectual Property is a subject of increasing global importance. Policymakers have long recognized the need for IP rights to protect the inventions and creative works of individuals and enterprises. In an age when knowledge capital, the product of the intellect, has become an increasingly important basis of social and economic progress, IP has acquired unprecedented importance, and issues relating to the generation, evaluation, protection, and exploitation of IP systems have become crucial. Patents and Design are the key components for business success and tools for enhancing the competitiveness of Industries. Intellectual Property Regime in India has been substantially refurbished after joining TRIPS by amending all IP legislations. As India is one of the rapidly growing economies in the world and plays a major role in IPR on the global IPR platform, it is necessary to develop an efficient IPR regime in the country which will result in building a strong IPR profile for the stakeholders and, in turn, for the country that will strengthen “Make In India” and “Atmanirbhar Bharat” in the long run.

In view of this, DPIIT IPR Chair and Centre for Research in IP, MNLU Mumbai are organizing the comprehensive One Week Online Certificate Course on Patent Protection in India. The present course is bound to benefit all those engaged in the manufacture, services, business, IP education, and research by enriching their knowledge, skill, and expertise and may include legal fraternity, professionals, IP academicians, industry managers, MSME, Startups, students in IPRs and individuals and enterprises willing to protect their Patents and Designs.

Faculties for the present course include senior officials of the Indian Intellectual Property Office and reputed IPR professionals who are known for their knowledge and expertise.
